**Recommendation Forms can only be used during the year for which they are issued.** One Ticket entitles a patient to attend the Hospital for three months ; at the end of which time a fresh one is required.

There are no special in-patient recommendation forms ; such patients are admitted at the discretion of the Surgeons.

No food or intoxicating beverages are allowed to be introduced into the Hospital without the knowledge of the Matron.

Friends of in-patients are allowed to visit them on Wednesdays and Sundays from 2 till 4, but on no other day without special leave.

Out-patients not bringing their own bottles are charged 3d. each for large and 2d. for small bottles. By special arrangement with the Official Opticians, patients can purchase the spectacles ordered for them at greatly reduced prices.

At the first visit to the Hospital with a recommendation form, patients are given a card with a reference number on it ; this should always be quoted when enquiries are made concerning patients.

This Institution being established for the relief of those who are POOR AND UNABLE TO PAY FOR MEDICAL ASSISTANCE, subscribers are most urgently requested not to give these recommendation forms indiscriminately. In doubtful cases the Secretary will be pleased to advise as to the best course to pursue.

Letters requiring information as to Subscriptions, etc., should be sent to the Secretary : C. S. Asbury, 7 The Square, Shrewsbury ; those on purely medical matters to the Surgeons at the Hospital.

# Surgeons' Report for 1940

The total number of patients treated during the year 1940 was 6,914, of whom 4,903 were new patients, while 2,011 were under treatment at the beginning of the year. The number admitted to the Wards as In-Patients was 1,728, and there were 17,230 attendances at the Out-Patient department. There were 2,146 operations performed during the year, of which 1,084 were major and 1,062 minor procedures, while in addition there were 489 patients requiring removal of foreign bodies from the eye.

Twenty-five cases of Ophthalmia Neonatorum were admitted.

Five deaths occurred, the causation being Meningitis (two cases), Pneumonia, Cavernous Sinus Thrombosis and a severe brain injury.

The most striking feature of the year's figures has been the increase in the work of all departments of the Hospital. Compared with the previous year the figures show an increase of 1,030 new patients, 3,770 attendances, 336 In-Patients and 240 operations. At the same time there was a decrease of 7 Ophthalmia cases and 15 operations for Mastoiditis. A reference to last year's report shows that this last item is particularly interesting, the figures for the last four years being as follows: 1937, 103; 1938, 108; 1939, 73; 1940, 58.

A very large number of men and women serving in H.M. Forces have been treated in the Out-Patient department and the Wards, and we have also dealt with numerous evacuees from all parts of the country.

We should like to take this opportunity of expressing our gratitude to our colleagues Mr. Edmond, Doctors Lavelle, Mackenzie, Rope, Stote and Symons and also to Mr. Hoggins, for their valued assistance.

We also desire to record our appreciation of the loyal services and efficiency of Dr. McGarrity, the Matron, Nursing Staff and Almoner, whose loyal co-operation has done much towards the success of the Hospital.

F. A. ANDERSON, M.D., B.Ch.
E. GORDON LAURENCE, M.R.C.S.(Eng.,) L.R.C.P.(Lond.).

# ANNUAL REPORT

Your Committee have pleasure in presenting their Annual Report covering the 123rd year of the Hospital's existence.

During the whole of the year we have been carrying on under the shadow of the War, and emergency beds have been kept free for the use of the Government Authorities. Happily, these have not been required, but the number of cases treated in the Wards and Out-Patients' Department is the highest for many years, as a glance at the figures appearing in the Surgeons' Report on page 3 will confirm. Subscribers will be interested to know that, during the year, cases applicable to the military or ancillary services put in 1,345 attendances in the Out-Patients' Department, and 1,818 Bed Days in the Wards, for which the Government accept financial responsibility.

Changes in Staff are unavoidable under present conditions ; on the whole we have been fortunate, and the work has been carried out most efficiently and to the satisfaction of your Committee. Dr. E. Gordon Laurence (who had been with us for some years as House Surgeon) is now acting as Assistant Surgeon, while Dr. McGarrity has returned to us as House Surgeon. We are also very glad to have with us again our Honorary Anæsthetist, Dr. A. V. Mackenzie. To Sister Spring, who recently left us to be married, we extend our good wishes and thank her for the many years of useful service she gave to this Hospital.

The largely increased number of attendances and operations, coupled with the inevitable rise in prices—not only of food but of everything else—has considerably increased the total outgoings. These factors have caused your Committee great anxiety, especially when it was observed that the Subscriptions and Donations fell consistently during the year. However, the situation has been made easier by (*a*) The Shropshire Voluntary Hospitals Contributory Association which contributed £2,612 1s. 7d., and the payments made for Military patients which amounted to £867.

While the falling off in Subscriptions and Donations is to be regretted, it must be remembered that many works and similar organisations which used to contribute under these headings are now included in the Contributory Association. Even so, we have suffered very considerably from the withdrawal of Subscriptions, due to the War and heavy taxation of incomes.

The following legacies have been received during the year and these are gratefully acknowledged :—

| | | £ | s. | d. |
|---|---|---|---|---|
| Mr. E. Powell (deceased) ... | ... | 52 | 10 | 0 |
| Miss M. J. Allen (deceased) | ... | 100 | 0 | 0 |
| Miss J. I. Morgan (deceased) | ... | 1011 | 14 | 10 |

| Mr. A. R. Morgan (deceased) | ... | 14 | 7 | 0 |
| Mr. R. Phillips (deceased) ... | ... | 3 | 9 | 9 |
| | | £1322 | 1 | 7 |

The Committee are indebted to Mrs. L. V. Morris who generously gave £500 to endow a cot in the Children's Ward. The ceremony of dedication was carried out by the Chaplain on the 6th November, 1940.

It is perhaps a distressing fact that finance plays such an important part in the work of our Voluntary Hospitals, and there are some who are only too ready to stress the difficulties of rising costs, high taxation, and the uncertainty of the future. While recognising that there is cause for concern, your Committee have every confidence that the Voluntary Hospitals will surmount these difficulties. In so doing, they will no doubt have to adjust themselves to changed conditions, but the Hospitals have now become a great co-operative movement in which there is an opportunity for every individual of every class to play his or her part, and we, who are responsible for the administration of your Hospital believe that, if we face the future with confidence in our supporters (and this confidence we possess) the Voluntary Hospitals will emerge successfully.

Your Committee base their confidence on the magnificent support which has been given to them by all classes of the community during the past year. To quote a few examples : The outstanding success of the Shropshire Voluntary Hospitals Contributory Association ; the many subscribers and donors who have maintained—and in some cases increased—their contributions, notwithstanding the difficult times through which we are passing ; the generosity of the lady who gave £500 to endow a cot ; the numerous legacies from friends of the Hospital who have passed away; and lastly but by no means least in importance, the Trustees of the late Mr. Charles Clement Walker who kindly gave us £200 towards the purchase of heat storage cookers for the Kitchen.

Turning to the other side of the picture, there were, as is stated in the Surgeons' Report, 17,230 attendances in the Out-Patients' Department and 2,146 operations performed. The Hospital

has fifty-three beds, and during the year the average daily number in residence was forty-nine. When one remembers that a few beds must be kept vacant for emergencies, some idea will be obtained of the pressure at which the Staff have had to work during the year.

Speaking of the Staff, leads us to acknowledge in no formal manner their excellent work. The figures quoted in the preceding paragraph tell their own tale, but only those who come into contact with the actual working of the Hospital, know and realise the wealth of human endeavour contributed by the Staff in dealing with the numerous patients who come under their care. Your Committee thank Doctor Anderson, Doctor Laurence and all their co-workers for their skill and ability so ungrudgingly given at all times; they also express their gratitude to our Matron, Miss Robson, the Nurses and other members of the Staff, without whose aid and loyal co-operation it would be impossible to achieve the results of which mention has been made.

The Ladies' Guild continues to do excellent work, and during the year a very large number of articles of equipment and clothing have been supplied. To all the ladies who have helped in this connection we extend our grateful appreciation.

The St. John's Ambulance Brigade and The British Red Cross Society continue to give most valuable assistance which is gratefully acknowledged.

In conclusion, your Committee record their appreciation of the many gifts and kindnesses from Subscribers and Donors, and those responsible for Church and other Collections and Pound Days. Also to our friends the Press who are ever ready and willing to help us at all times.

EDMUND C. TAYLOR,

*Chairman.*

## OPHTHALMIC BENEFIT.

Most Approved Societies have adopted what is known as Ophthalmic (Additional) Benefit, under which there are available private consultations with specially qualified medical men, and which entitles their members to examination of the eyes and, if necessary, to a prescription for spectacles.

In cases where a member of the Scheme belongs to a Society which provides Ophthalmic Benefit, he should consult his panel doctor, who, if he thinks that the patient needs ophthalmic examination or treatment, will inform the patient how to proceed.

If the Approved Society to which the member belongs does not provide Ophthalmic Benefit, then he is eligible for treatment, either as a contributor or by recommendation.
